

our USA locations

The most popular locations in the USA

On the East coast, few cities can match the rich cultural life of New York, one of the world's most exciting cities packed with landmarks, shops and entertainment. Boston, world-famous for its universities, has a traditional feel, as reflects one of the USA's first cities. For a relaxed tropical climate and beach culture, there's Fort Lauderdale.

Like more sun? Then there's California, where we have three schools: San Diego with its famous zoo and beautiful harbours; Los Angeles, the entertainment capital of the world, and San Francisco, with its great museums and alternative culture. And for a real outdoors location there's Seattle, set amongst the dramatic landscape of Washington State.
