

Study in Fort Lauderdale, where you can do your homework under a palm tree, at the beach, or next to a pink flamingo."

David Tipmore
Principal

Fort Lauderdale is home to miles of stunning waterways and canals (1) just waiting to be explored. Classes are relaxed and exciting here (2) and between lessons, students meet up to decide what their next social event will be (3). Between classes, you will be able to access your emails or the internet in our multimedia centre (4); enjoy a game of table tennis or just chill out by the pool or beach (5, 6 and 7).

Our centre

Our centre provides an excellent academic environment from its location on the exclusive Las Olas Boulevard in the heart of the city.
